# Who Are We?

dCorpo Legal is a boutique law firm that provides modern legal solutions to meet the dynamic challenges of today's evolving industries.

Specializing in emerging fields such as Cyber Law, Data Privacy & Protection, we ensure that our clients stay ahead of the regulatory curve. Our expertise extends to helping businesses navigate complex legal frameworks while safeguarding their digital assets.

We are also qualified to conduct thorough data audits, ensuring full compliance with privacy laws. Whether you're seeking legal support for filing of your trademark at the beginning of your business journey, or dispute resolution or comprehensive advisory services, dCorpo Legal is your trusted counsel for strategic and forward-thinking legal solutions.

# Our Founder

*Adv. Samkeet Doshi*

Samkeet specializes in the emerging fields of Cyber Law, Technology Law, and Data Privacy. Samkeet holds a B.L.S. LL.B degree from SVKM's Pravin Gandhi College of Law, along with Postgraduate Diploma in Cyber Law & Information. Samkeet is also a Certified Data Protection Officer and Data Auditor (C.DPO.DA) from FDPPI.

With over four years of experience in the legal industry, Samkeet combines his expertise in law and technology to support businesses in navigating today's complex legal landscape. By managing regulatory and legal obligations with precision, he enables clients to focus on their core business operations, confident that their legal matters are in capable hands.

# vDPO Services

## Virtual Data Protection Officer

Don't just tick the box—strengthen your data defence with our vDPO services. We offer end-to-end Data Privacy Audits, DPIAs, and legal advisory tailored to your business. With cross-domain expertise in cybersecurity, forensics, and law, we help you mitigate privacy risks, meet statutory obligations, and maintain digital trust—all under one roof, virtually. Our Services:

- Sector - Specific & tailored privacy solutions
- DPIAs - Data Privacy Impact Assessments
- Data Audits & Organisational Readiness
- Policy & Document Support
- DPDPA Awareness Workshops/Trainings
- Compliance Reporting
- Implementation of “Privacy by Design”
- Incident Reponse & Breach Notification

# Technology & Cyber Law

In a world dominated by technology, where Artificial Intelligence (AI) and automation are reshaping industries, the digital landscape has never been more critical. While technology empowers us to innovate, connect, and transform, it also introduces unprecedented risks. We can *inter alia* help you in the following ways:

- Prevention and/or guidance in case of financial frauds or other types of cyber crimes.
- Navigating best AI Practices.
- Comply with Laws such as the IT Act, 2000, and other rules & guidelines for use of technology.
- Conducting awareness Workshops/Seminars for Students, Businesses, Law Enforcement and/or groups.

# Data Privacy GDPR & DPDPA

With the growing need for Data Privacy, we specialise with an expertise in various data privacy laws such as the GDPR, DPDPA, CCPA, PDPA, etc. We offer the following services in the realm of Data Privacy & Protection:

- Drafting of various Data Privacy Agreements(Privacy Policy, Data Sharing agreements, Terms of Use, Framing of IT Policy, etc.) as per the demand of relevant laws and business in question
- Conducting Data Audits (in line with provisions of DPDPA, 2023)
- Consulting businesses on Data Privacy Practices
- Representing Businesses before the Data Protection Board.

# IPR - Trademark Registration

It is very easy to label “Bisleri” as “Bilseri” or any other similar name and sell it. As a business owner, it not only affects your sales, but also impacts your brand image. Hence registration of business & brand name, logo and even tagline becomes important. We render following services in the field of Intellectual Property Rights -

- Consultation regarding a valid trademark
- Offering public search report of the name you opt, to determine if there are any other existing brands.
- Registration of a Trademark
- Filing of Reply and appearing before the Registrar in case of any objection
- Filing an infringement suit in case anyone is using your trademark

# Corporate & Commercial Advisory

We offer multiple “Virtual Legal Head” Services on Retainership basis for our clients. these Services include but are not limited to the following -

- Agreement/Contract Drafting & Vetting
- Negotiating on your behalf
- Drafting of Internal Policies for a Business
- Preparation of SoPs
- Drafting of IT Policies
- Legal Notices
- Demand Notices
- Drafting of Legal Communication with your Clients
- Drafting of Terms and Conditions
- HR Manuals
- And any other legal services as required by the client

# Debt Recovery MSME Samadhaan

Are you a Business owner who has supplied goods or rendered services but have not received your dues? Here's how we can help you just like we have helped 60+ clients in last 4 years -

- Sending a legal notice on your behalf
- Registering you as an MSME so that you can claim your rights.
- File a complaint with and represent your case before a special MSME debt recovery tribunal which ensures speedy recovery of dues.
- File for getting interest on the amount due
- In an event such case has been filed against you, we can defend you before the Council, trying to dispose off the case or minimize the damage to the extent possible.
